This EULA is a legal agreement between you (“User”) and Amtel Cellular Sdn Bhd (“Company”) for the Navigation Software and maps data. The Company are only prepared to license the User to use the Navigation Software and maps data on the terms of this EULA.

TERMS & CONDITIONS

1. The maps data and/or preloaded software (“Software”) in this device are licensed by third parties to the Company. The Software is sub-licensed on a limited, non-exclusive, non-transferable and revocable basis for use by the User solely on this device only and is not sold together with the device. If upgrades, updates or supplements to the Software are obtained, the use of such upgrades, updates or supplements is governed by these Terms & Conditions and any amendments that may accompany them and may be subject to additional payments and conditions. The User must not reproduce, distribute, publish, transmit, modify, adapt, translate, display, distribute, sell, license, publicly perform, prepare derivative works based upon, or otherwise use or exploit the Software. The foregoing limited right does not give the User any ownership of Software and nothing contained in this Agreement may be construed as conferring to the User any licence or right to the Software under any copyright or any other intellectual property right.
2. The Software is provided by the copyright holders "AS IS" and any express or implied warranties, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, are disclaimed. In no event shall the copyright owner be liable for any direct, indirect, incidental, special, exemplary, or consequential damages however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of the Software, even if advised of the possibility of such damage. The entire risk to the quality and performance of the Software is borne by the User. This disclaimer of warranty constitutes an essential part of the licence granted to the User to use the Software.
3. The trademarks, logos, and service marks (“Trademark”) displayed on this Software and device, are owned by the Company and third parties. All Trademark not owned by the Company are the property of their respective owners, and are used with permission. Nothing contained herein may be construed as granting any right or license to use any Trademark.

4. The maps and any information stored in this device is strictly a navigation guide for reference use only. It is the sole responsibility of the User's to use this device prudently. Information provided may change over time and the User should decide the route based on the actual road conditions and traffic laws. The Company makes no representation or warranty, whether expressly or impliedly as to the accuracy, completeness, timeliness, reliability or fitness for any particular purpose of the maps stored therein.
5. The planned, shortest, quickest routes and estimated time to desired destinations are obtained from optimal route calculations based on the map database and should be used as a reference only. This device must not be used for any purpose requiring precise measurement of direction, distance, location or topography.
6. User shall be responsible for his/her use of the maps stored therein and the device, and shall at all times comply with all traffic laws and regulations of the country of usage.
7. The usage of this device is dependent on the Global Positioning System ("GPS") which is operated by the United States government and is solely responsible for its accuracy and maintenance. The system is subject to changes which may affect the performance and accuracy of the GPS navigator devices.
8. The use of the device is at the User's own risk. Lokatoo and the Company is not liable for any fines, penalties, damages or loss whether direct, indirect, incidental, special, exemplary, or consequential damages however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of the device.

GETTING STARTED

Safety Advice

- Do not adjust or perform any setting to the unit while driving. Always do the necessary adjustment and setting prior to starting your journey.
- Always obey traffic rules. If the navigation software instructions contradict with traffic rules, the traffic rules shall prevail.

Updating your map

- Always update your map in order to get the best from your navigation software.
- With updated map, you will be able to find latest P.O.Is and roads. Updated map will also enable better route to be generated.
- You can download the latest map from www.lokatoo.com. Maps are updated regularly.

Acquiring GPS satellite signal

Always acquire GPS satellite signals before using the navigator for navigation. To acquire satellite signals and to lock on your current position, please ensure that your car is not under a roof, tree or any object that might block the navigator from acquiring satellite signal.

Once navigation software is launched, the system will automatically search for satellite signals. To lock on to your current position, the navigator must lock on to at least 3 satellites. To acquire your altitude information, fourth satellite is needed.

	Satellite signals acquired.		No Satellite signal acquired.
